Good morning Jim,

I have great news... EPA and CARB have no further comments on the Amador EEP! Thank you for working with us on this plan and I hope it goes smoothly through the district board.

After the district posts the public hearing notice, we kindly request a copy of the proof of publication as it will be required by EPA.

If there is anything further I can assist with, please do not hesitate to contact me.

Thank you and best regards,

Matthew Densberger
